

**Parts List**

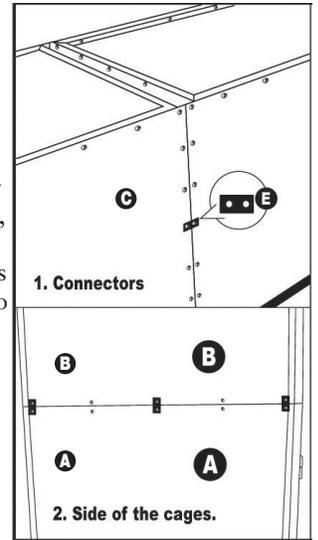

- (A) Modular Kennel Cage (L) (1)
  - (B) Modular Kennel Cage (M) (2)
  - (C) Cage Connectors (20)
- (Optional Items Sold Separately)

Arrange the two Medium Cages on top of the one Large Cage. Not sold with Cage Base.

Cage Connectors are designed to work with your existing cage hardware. Unscrew the bolts at the contact points between two cages. Fit the Connector over the two open holes, then screw in the bolts to secure the Connectors in place. Use at least two Connectors for each touching cage side.

Do not use stacked Cages until they are secured together with Cage Connectors. Shown with optional Small Cage Base (sold separately).
