

Benzoyl Peroxide Shampoo

The **Davis Benzoyl Peroxide shampoo** is a superior deep cleanser for problems associated with the skin and coat. Formulated with a more effective 1 – 3 micron sized Benzoyl Peroxide powder it allows better skin penetration and more rapid results. Davis' shampoo contains 2.5% Benzoyl Peroxide that helps open and flush the hair follicles, which helps promote healing. An excellent degreaser for problem coats, Davis Benzoyl Peroxide Shampoo also contains natural moisturizing agents that hydrate the coat and skin. This aids in preventing dryness and irritation.

Suggested Uses:

- Oily and greasy flaking skin
- Scratching, redness or irritation and bald spots
 - Scratching
