

### Pramoxine Anti-Itch™ Shampoo

Davis Pramoxine Anti-Itch Shampoo contains 1% Pramoxine Hydrochloride to help alleviate itching and discomfort. This safe, fast-acting formula provides temporary relief for conditions associated with pruritis and flaking from seborrheic dermatitis. Colloidal Oatmeal and moisture-rich emollients condition the skin and help prevent dryness.

#### Suggested Uses:

- Bald spots or hair loss
- Pets who scratch but show no signs of sores or oily skin
- Helps relieve conditions associated with allergies
- Helps break the cycle of constant licking, biting and scratching

*Ready-to-use formula for dogs, cats, puppies and kittens.  
Contains an herbal mint fragrance.*
