

### Pramoxine Anti-Itch™ Crème Rinse

Davis Pramoxine Anti-Itch Crème Rinse aids in combating the scratching and flaking resulting from seborrhea dermatitis and other skin disorders. In addition to its residual properties, this creme rinse hydrates the skin and leaves the coat softer and more manageable.

#### Suggested Uses:

- Favorite for use after any therapeutic shampoo.
- Helps stop the cycle of biting and scratching
- Allows the skin to recuperate faster

*Ready-to-use formula for dogs, cats, puppies and kittens.  
Contains an herbal mint fragrance.*
